Better Ki Masti....

400 ml.

Club Soda

24pcs

Extra Power...

WHY ALKALINE WATER ?

One of the newest "super" aka NEXA WATER to have entered India recently is alkaline water. Simply put, this is water with pH levels that are higher than seven - enabled by the addition of an alkalizing agent. "pH is a central measurable parameter of our body's well-being, like BP, blood sugar, and cholesterol levels. It is a scale used to measure the acidity or alkalinity of a solution. The pH scale uses a range from 0 to 14, with 7.0 indicating neutrality. When pH levels are balanced (at a pH of 7.352), our body is able to function to the best of its biochemical ability with more mental clarity and revitalization" Irregular and unhealthy lifestyle has a significant influence on physical and mental health of human being. Alkaline Water can be of help to remove stomach acid and hydrate your body.

5.0
Litter

Our Largest Size, Great For Ongoing Hydration Throughout The Day

ALKALINE BENEFITS:

Weight Loss
Drink Alkaline Water

Detoxification
Filter Out Toxic Metals

pH Balance
Fight Metabolic Syndrome

Bone Health
Help Tackle Bone Loss

Hydration
Tastes Better-Sweeter

Heart Health
Best Source of Magnesium

Energy/Endurance
Fights off Lactic Acid

Healthy Skin
Younger Look

1.0
Litter

**Traveling &
General Hydration**

500
ml.

**Every day &
On the go**

250
ml.

**Events,
Offices &
Kid Friendly**
